CAREER OBJECTIVE

Motivated and detail-oriented Computer Science student with strong skills in frontend web development. Skilled in JavaScript and React.js, with hands-on experience building responsive and user-friendly web applications. Familiar with basic backend technologies including Node.js and MongoDB. Currently expanding expertise through the I2I MERN Stack Developer Program. Seeking a Frontend Developer Intern position at RentYard Limited to apply technical knowledge, enhance problem-solving skills, and contribute to real-world projects.

PROFESSIONAL TRAINING

I2I MERN Stack Developer Program – SkillJobs

Jan 2026 – Present

- Comprehensive training on full-stack development using MongoDB, Express.js, React.js, and Node.js.
- Focus on RESTful API design, authentication, and deployment best practices.
- Hands-on projects emphasizing scalable and maintainable web applications.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), C++
- **Frontend Technologies:** HTML5, CSS3, Tailwind CSS, React.js, Next.js (Basic)
- **Backend Technologies:** Node.js (Basic), Express.js (Basic)
- **Database:** MongoDB (Basic)
- **Core Concepts:** REST API (Basic), CRUD Operations, Responsive Design, OOP, Data Structures, Algorithmic Thinking
- **Tools & Platforms:** VS Code, Git, GitHub, Chrome DevTools, Vercel, Figma, MS Office

PROJECTS

ApplyFlow – Job Application Tracker | Live Link | GitHub

- Developed a React-based job application tracking system with full CRUD functionality
- Implemented real-time status tracking and filtering for efficient management
- Designed a responsive UI with dynamic dashboard insights
- **Technologies:** React.js, JavaScript, Tailwind CSS

Portfolio Design Website | Live Link | GitHub

- Designed and developed a responsive personal portfolio website
- Implemented clean UI and mobile-first layout
- Technologies: HTML, CSS, JavaScript

AllianceBD – React Router-based Web App (Ongoing) | GitHub

- Developing a single-page application using React.js and React Router
- Implementing dynamic routing and reusable components for seamless navigation
- **Technologies:** React Router, TypeScript, Tailwind CSS

Smart Minds Kindergarten | Live Link | GitHub

- Developed a modern, responsive website for a kindergarten school
- Designed user-friendly UI to create engaging online presence
- Implemented responsive layout using Flexbox and Grid
- Optimized for mobile, tablet, and desktop devices
- **Technologies:** HTML5, CSS3

PROBLEM-SOLVING EXPERIENCE

- Solved 300+ algorithmic problems on Codeforces (Handle: **azizulislamch**).
- Strong understanding of arrays, strings, sorting, and searching algorithms.
- Familiar with data structures such as stacks, queues, and linked lists.
- Experienced in analyzing time and space complexity.

EDUCATION

Bachelor of Science in Computer Science & Engineering

Presidency University, Dhaka

2022 – 2026 (Final Semester) | CGPA: 3.70

Higher Secondary Certificate (Science)

Hazi Asmat Govt. College

2018 – 2020 | GPA: 5.00

AWARDS & ACHIEVEMENTS

- 1st Place – Presidency University Programming Contest, Season-1
- 1st Place – Presidency University AI Contest 2024
- ACM ICPC Dhaka Regional 2024 – Participant

LANGUAGE PROFICIENCY

- **Bangla:** Native
- **English:** Proficient
